

Invitation to the Andrée Days, July 10-12 2026

— a Swedish Cup competition!

Dear Balloon Enthusiasts,

it is time to meet again for the Andrée Days, this time with two flights as part of the Swedish Cup.

The following applies:

- Please note that all competitions will be conducted with SBF's loggers, so please visit balloonlive.org and review how it all works well in advance of the competition if you need to refresh your knowledge. Fiesta balloons and balloons from abroad will not be required to use the loggers.
- No registration fee. Bring full tanks for at least two flights if possible. Refueling after the flight is possible for those who wish. Current prices will be announced at the general briefing.
- Registration is only possible by email to info@bkandree.se – no later than July 1st.
- More information about serving food and drinks after the flights will come soon as this is not yet completely clear.
- Further questions? Please contact local pilot Stuart Reeve, 070-687 92 63 (smreeve@gmail.com).
- Competition center this year is at the local football club (GAIS) in Gränna, down by the football fields.
- NB! The flight on Sunday, July 12th, is a fiesta flight only. Gränna is hosting a big annual music event called "Diggiloo" this evening. We plan every year to fly over this event on the fiesta flight. The event usually causes problems with parking panic and traffic jams. More information about parking and the like on this day will be provided at the general briefing.

Welcome!

Preliminary program ▼

Preliminary program
